SUMMARY

Computer Engineering graduate with hands-on experience in ASP.NET, ADO.NET, and full-stack web development. Skilled in C#, JavaScript, and database management with a strong focus on building efficient, user-centric applications and delivering impactful software solutions.

TECHNICAL SKILLS

Programming Languages: C#, JavaScript, HTML, CSS

Frontend Libraries: Bootstrap, Tailwind CSS

Backend Frameworks: ASP.NET MVC, ADO.NET, Entity Framework, .NET Core

Databases: SQL Server, MySQL

Developer Tools: Visual Studio, VS Code, Git, GitHub

Productivity Tools: Microsoft Excel, Word, PowerPoint

SOFT SKILLS

- Team Collaboration
- Problem Solving
- Adaptability
- Time Management

EDUCATION

Dnyanshree Institute of Engineering and Technology, Satara

B.Tech in Computer Science and Engineering

Dec 2021 – June 2025

Yashwantrao Chavan Institute of Science, Satara

Higher Secondary Education in Science

Aug 2019 – Sep 2021

INTERNSHIP

Jr. Software Engineer Intern

July 2025 – Dec 2025

Cravita Technologies India Pvt. Ltd., Pune

- Worked on live projects under the guidance of Program Managers and Team Leaders.
- Developed and maintained database-driven modules using **ADO.NET** for efficient CRUD operations.
- Integrated backend logic with **ASP.NET MVC** web interfaces and optimized SQL queries for performance.
- Collaborated with cross-functional teams to design, test, and deploy client-based software solutions.

Skills Gained: ASP.NET, ADO.NET, SQL Server, Team Collaboration, Project Execution

PROJECTS

FreeToGame Explorer | *ASP.NET MVC, REST API, Tailwind CSS*

Nov 2025

- Developed a responsive gaming discovery platform using ASP.NET MVC integrated with the **FreeToGame REST API** to fetch real-time free-to-play game data.
- Implemented search, category filters, and pagination for smooth data navigation and enhanced user experience.
- Created an interactive and modern UI using **Tailwind CSS** and Google Material Icons with animated transitions.
- **GitHub:** FreeToGame Explorer Repo

Tourism Website | *ASP.NET, REST API, Bootstrap*

Oct 2025

- Developed a dynamic tourism website using ASP.NET MVC integrated with REST API for fetching real-time travel and location data.
- Implemented responsive UI with **Tailwind CSS** including search, category filters, and video integration for enhanced engagement.
- Utilized the **FreeToGame API** to display interactive and engaging travel content.
- **GitHub:** Tourism Website Repo

CERTIFICATES

- **Web Development** – Udemy (Aug 2024)
